Notes

Single Premiums

The premium is calculated using the appropriate rate for the net Loan-to-Value ratio (LTV) times the base loan amount. Net LTV is measured prior to the inclusion of any financed premium.

Fixed-Rate Mortgage

A fully amortizing mortgage with level interest rates and payments for the first 5 years. The loan term cannot exceed 40 years and cannot contain graduated payment features or potential for negative amortization.

Non-Fixed Rate Mortgage

A fully amortizing mortgage that features payment changes or the potential for payment changes during the first 5 years of the mortgage, such as a 3/1 ARM. For Non-Fixed Rate mortgage premium rates, multiply the applicable Fixed Rate base rate (prior to the application of any adjustments) by 1.25 and round to the nearest basis point, and then apply adjustments as applicable.

Temporary Buydown

Considered a Fixed-Rate Mortgage if the loan product, independent of the temporary buydown, meets the Fixed-Rate Mortgage definition.

Cancellation

Coverage remains in effect until canceled. Cancellation under the Homeowners Protection Act of 1998 (HPA) will result in refund of unearned premium. Non-HPA cancellation will result in a refund based upon Essent's Single Premium Refund Schedule obtainable from clientservices@essent.us.

Minimum Rate

Single premium rates cannot be adjusted below 0.45%.

Notes

Split Premiums

Split Premiums feature low monthly payments combined with an upfront payment due at closing. The upfront premium is calculated as a percentage of the loan amount. The monthly rate is determined based on the net Loan-to-Value ratio, which is measured prior to the inclusion of any financed premium. The monthly premium is determined by dividing the corresponding rate by 12 months.

Renewals

Renewal premiums are calculated on the original loan balance. The rate remains the same for years 1 through 10. For years 11 through term, the rate is reduced to 0.20% or remains the same.

Fixed-Rate Mortgage

A fully amortizing mortgage with level interest rates and payments for the first 5 years. The loan term cannot exceed 40 years and cannot contain graduated payment features or potential for negative amortization.

Temporary Buydown

Considered a Fixed-Rate Mortgage if the loan product, independent of the temporary buydown, meets the Fixed-Rate Mortgage definition.

Cancellation

Coverage remains in effect until cancelled. Lender-paid policies are non-refundable. For borrower-paid policies, cancellation under the Homeowners Protection Act of 1998 (HPA) will result in refund of unearned premium. Non-HPA cancellation for borrower-paid refundable policies will result in a refund of the upfront premium based upon Essent's Refund Schedule for Non-HPA Terminations obtainable from clientservices@essent.us.

Underwriting Guidelines

For underwriting guidelines and eligibility requirements please visit [Rates & Guidelines](#) at essent.us.

Minimum Rate

Split premium rates cannot be adjusted below 0.05%.

Unless otherwise specified, borrower-paid rates are based on property location, and lender-paid rates are based on lender location. Essent offers alternative Portfolio BPMI/LPMI programs to its Master Policyholders based on lender location. Notes

Single Premiums

The premium is calculated using the appropriate rate for the Loan-to-Value ratio (LTV) times the base loan amount.

Fixed-Rate Mortgage

A fully amortizing mortgage with level interest rates and payments for the first 5 years. The loan term cannot exceed 40 years and cannot contain graduated payment features or potential for negative amortization.

Non-Fixed Rate Mortgage

A fully amortizing mortgage that features payment changes or the potential for payment changes during the first 5 years of the mortgage, such as a 3/1 ARM. For Non-Fixed Rate mortgage premium rates, multiply the applicable Fixed Rate base rate (prior to the application of any adjustments) by 1.25 and round to the nearest basis point, and then apply adjustments as applicable.

Temporary Buydown

Considered a Fixed-Rate Mortgage if the loan product, independent of the temporary buydown, meets the Fixed-Rate Mortgage definition.

Cancellation

Coverage remains in effect until the loan is paid in full.

Minimum Rate

Single premium rates cannot be adjusted below 0.55%.
