1.0 Introduction

The purpose of this Enhanced *Clarity of Coverage*[®] Guide (the “Guide”) is to provide our policyholders (or “Insureds”) and their Servicers with an overview of the general requirements of Essent’s Enhanced Coverage Endorsement (“Endorsement,” when attaching to Essent’s Master Policy, collectively, the “Policy”) and the various coverage options it describes. In the event there is a conflict between this Guide and the Policy, the terms of the Policy will control. Capitalized terms used throughout this Guide have the meaning given to them within the Policy. If you should have any general questions regarding the content of this Guide, please contact your Essent account representative.

2.0 General Overview

Essent’s new Master Policy with *Clarity of Coverage* is effective for mortgage insurance applications received by Essent on or after October 1, 2014 and includes, among other things, greater flexibility by permitting Insureds to choose how they conduct business with Essent.

The new Master Policy provides standard rescission relief (also referred to as “incontestability”) at thirty-six (36) Consecutive Full Payments for underwriting defects and negligent First Party Material Misrepresentations (including valuation) subject to the following:

- No more than two (2) Loan payments were thirty (30) days delinquent
- No Loan payment was in excess of sixty (60) days or more delinquent
- The Loan is current on the thirty-sixth (36th) payment, meaning that payment is not thirty (30) days Past Due
- All Loan payments have been made from the Borrower’s Own Funds
- The Loan has not been subject to a forbearance agreement, repayment plan or otherwise been modified from its original terms

The new Master Policy together with the Enhanced Coverage Endorsement will provide the opportunity for early rescission relief after twelve (12) Consecutive Full Payments from the Borrower’s Own Funds. In order for a Loan to be considered for the Enhanced *Clarity of Coverage* Option(s), Essent must review the following:

- For Enhanced *Clarity of Coverage* – Collateral: The appraisal report (or alternative approved valuation method) used to determine the Original Value, along with the real estate purchase agreement relating to the Property (if applicable)
- For Enhanced *Clarity of Coverage* – Underwriting: The final submitted Origination File and Closing File

Rescission relief does not sunset for the following:

- First Party knowing and intentional Material Misrepresentation(s), supported by Credible Evidence
- Pattern Activity – Misrepresentation involving two (2) or more parties and two (2) or more Loans, supported by Credible Evidence

3.0 Enhanced *Clarity of Coverage*® Options

The new Master Policy together with the Enhanced Coverage Endorsement will provide Insureds with choices for early rescission relief. Insureds will retain the ability to select the underwriting submission process that best suits their needs as outlined below:

- **Non-Delegated Underwriting** – Essent performs a mortgage insurance underwrite of the Loan, including a review of the appraisal report along with the real estate purchase agreement (if applicable) for Enhanced *Clarity of Coverage* – Collateral. Essent stands behind its work, as Insureds are protected as of the Certificate Effective Date if Essent fails to identify any Material facts or Material Misrepresentations in the Loan that would have been readily apparent to a prudent mortgage insurance underwriter.
- **Delegated Underwriting Authority** – The Insured performs the underwrite of the Loan, enabling them to retain control of the Loan file.

Under each of the above underwriting submission processes, Insureds will also have a choice in terms of rescission relief. For those Insureds that choose to keep their current processes the same, an overview of potential rescission relief is provided below:

	NON-DELEGATED	DELEGATED
Underwriting Mistakes	Date Certificate is issued	N/A
Collateral Eligibility/Valuation	12 months	36 months
Underwriting Defects	36 months	Date Certificate is Issued: Loans with respect to which Essent performs a Quality Assurance (QA) review and identifies no Material findings 36 months: All other non-QA Loans

For those Insureds that prefer to change their internal processes and have Essent perform an Independent Validation to determine eligibility for early rescission relief (i.e. – the Enhanced *Clarity of Coverage* Options), a potential overview of rescission relief is provided below:

	NON-DELEGATED	NON-DELEGATED	DELEGATED
	Enhanced <i>Clarity of Coverage</i> – Collateral	Enhanced <i>Clarity of Coverage</i> – Underwriting	Enhanced <i>Clarity of Coverage</i> – Underwriting
Underwriting Mistakes	Date Certificate is Issued	Date Certificate is Issued	Date Certificate is Issued

All Essent Insureds are eligible to participate in the Enhanced *Clarity of Coverage* Options. Our seasoned and knowledgeable sales force can help you identify the process that best helps you grow your business, and we encourage you to contact a member of our [Business Development Team](#).

6.0 Independent Validation

Upon making a determination that the required documentation for Enhanced *Clarity of Coverage* – Collateral and Underwriting is complete, Essent will perform an Independent Validation as follows:
