

NOW ARRIVING ON OUR NEW PLATFORM.

What is EssentEDGE?

It is Essent's powerful new risk-based pricing engine, which provides the capability to incorporate more loan-level attributes in order to deliver a superior experience and competitive rates on every loan.

How do I get EssentEDGE quotes?

You can get a quote through the systems you are currently using:

- **Essent Online Rate Finder with EssentEDGE.** Simply enter your corporate email address into our free online tool to access the EssentEDGE pricing engine.
- **Pricing Engines (PE) and Loan Origination Systems (LOS).** Our pricing engine is available through the most widely-used industry PE and LOS interfaces as long as you are set up as an Essent

user. Contact your Essent account manager if you have questions about system availability or setup.

How can I make the most of EssentEDGE?

It's easy! We want you to experience the EssentEDGE difference!

- Quote us on every loan to experience our engine and view our competitive rates.
- Always associate your quote with your mortgage insurance (MI) submission by communicating the Essent Quote ID# to the person responsible for ordering MI.
- Take advantage of our 90-Day Quote Guarantee. As long as the loan-level data remains the same, the quote associated with your submission is guaranteed not to change, even if our rates do.

Can I use EssentEDGE and still meet TILA-RESPA Integrated Disclosure (TRID) requirements?

Yes. Your TRID requirements with EssentEDGE are no different than they were when using our rate cards. We encourage you to work with your compliance team to ensure your business processes align with their guidance.

Whom should I contact with questions about EssentEDGE or quoting through the new platform?

Please contact your Essent account manager with any questions you may have. Our EssentCONNECT team is also available to answer your questions or assist with getting a quote. Call or email them at **855.282.1483** | essentconnect@essent.us.
